

# Saving Money

Name: \_\_\_\_\_ Score: \_\_\_\_\_

I like to save money and put my saving for the months January to May in the following data table. Use it to complete the bar graph and answer the questions.

Month	Jan	Feb	Mar	Apr	May
Saving	\$ 350	\$ 182	\$ 528	\$ 265	\$ 175

- 1) Complete the bar graph (round the savings off the nearest hundred)

- 2) In which month did I save 7 dollars less than in February?
- 3) In which month did I save the most and which month the least?
- 4) How much money did I save in total in these 5 months?
- 5) What were my average savings per month in this period?

# Answers

I like to save money and put my saving for the months January to May in the following data table. Use it to complete the bar graph and answer the questions.

Month	Jan	Feb	Mar	Apr	May
Saving	\$ 350	\$ 182	\$ 528	\$ 265	\$ 175

- 1) Complete the bar graph (round the savings off the nearest hundred)

- 2) In which month did I save 7 dollars less than in February?
