

Circle Patterns

Study the pattern in the first row of each circle and apply it to the other 2 rows in the circle.

5	60	12
11		11
15		15

43	4138	18
91		47
64		29

What time is it?

Find the time pattern and fill in the missing time for each row of clocks.

Circle Patterns

Study the pattern in the first row of each circle and apply it to the other 2 rows in the circle.

5	60	12
11	121	11
15	225	15

multiply both numbers

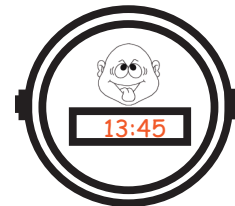

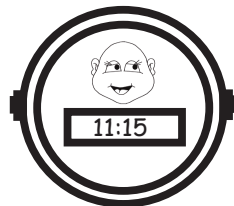

43	4138	18
91	9417	47
64	6249	29

Take the first digit of each number and then take the second digit of each number

What time is it?

Find the time pattern and fill in the missing time for each row of clocks.

add 1 hour and 15 minutes

add 1 hour and 5 minutes

add 1 hour and 40 minutes
