

### Circle Patterns

Study the pattern in the first row of each circle and apply it to the other 2 rows in the circle.

15	255	17
17		16
35		15

3	63	7
11		3
14		2

### What time is it?

Find the time pattern and fill in the missing time for each row of clocks.

## Circle Patterns

Study the pattern in the first row of each circle and apply it to the other 2 rows in the circle.

15	255	17
17	272	16
35	525	15

multiply both numbers

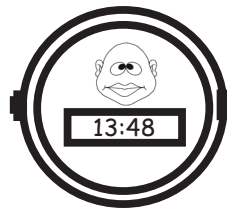

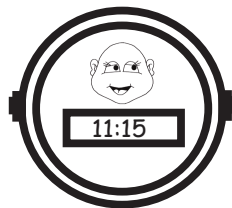

3	63	7
11	99	3
14	84	2

multiply both numbers and then times 3

## What time is it?

Find the time pattern and fill in the missing time for each row of clocks.

add 2 hours and 33 minutes

subtract 1 hour and 17 minutes

add 5 hours and 10 minutes
