## Answer to brain teasers

**puzzle 1 :** A

The average of the letter numbers of A and G is 4.

**puzzle 2 :** 20

20 divided by 4 equals 5. Triangle pointing up multiply, triangle pointing down divide.

**puzzle 3 :** 3

Basic subtraction. 86 minus 43 equals 43.

**puzzle 4 :** A

A is the only vowel.
