puzzle 4

Which number completes this number sequence ?

www.mathinenglish.com

## Answer to brain teasers

**puzzle 1 :** B

All symbols move 1 step in the next square and the numbers increase by +1.

**puzzle 2 :** 4

In each row, divide the last 2 cells by 4 to get the 1st cell.

**puzzle 3 :** 4

The difference between each opposite pair is either 3 or 4.

**puzzle 4 :** 1

Multiply the 3 numbers in each circle, then subtract 10 to get the center number.
