

# 6 by 6 Numbricks Puzzles (very hard)

Fill the grid with the numbers 1 to 36 to make a non-stop connecting path. You may connect the numbers horizontally and vertically (not diagonally). You must connect all 36 numbers.

10					1
		5	34		
	7			36	
	14			29	
		16	27		
19					24

	4	3	2	1	
	5			36	
	6			31	
	27	28	29	30	

18		24	25		31
16					33
15					34
5		3	2		36

	27			18	
29					16
		2	21		
		3	8		
36					13
	34			11	

# Answers

Fill the grid with the numbers 1 to 36 to make a non-stop connecting path. You may connect the numbers horizontally and vertically (not diagonally). You must connect all 36 numbers.
